

Product Specifications

- Simple, but very practical design - doesn't take up much space
- Inner cushions made of combined materials: soft rubber and hard plastic
- Anti-slip pads keep your device firmly in place and protect it from damage
- Ultra powerful suction cup provides excellent stability
- Easy to adjust to a perfect viewing angle, thanks to the 360-degree rotary ball head
- You can mount it on a windshield or any other smooth surface, such as a desk
- Adjustable bracket holds devices within 50mm - 95mm in width
